PERSONAL HISTORY ASHLEIGH LUGINA FLEMMER - WRITTEN 22 JANUARY 2003

I went to Kaffrarian High School and Port Elizabeth Technikon, making my career in Marketing and Sales. I have lived in Kingwilliamstown, Port Elizabeth and East London.

Significant events in my life have been travelling during the year 2001, experiencing different cultures, meeting wonderful people and realising that happiness can be found exactly where you left, but sometimes you need to take a journey. My motto is to live, laugh and love.

What I enjoy the most and think like most Flemmer's do, is to socialise and be around people. I fabric paint, enjoy music, mostly all types and a good read is always welcome. I am actively involved in my church, we encourage each other and help each other a lot and it is really great. I am not a very sporty person but do exercise to try and keep my figure slim and trim! Not always easy I might add, with my height that is surely a disadvantage I am 5 foot 2 inches and have hazel eyes, brown hair and olive skin. I have my mother's looks!

It is great to be part of the Flemmer clan and hope to meet many more along the way.!
